**ULTIMATE
WORKFLOW.**

|||MS5|||

Premium workplaces,
Ultimate workflow.

Our story

Our mission is to grow confidence in the technical services industry. We do this by developing and producing hand tools, storage systems, and specialty tools. These products enable professionals to achieve maximum productive output, as they work with high quality tools in premium workplaces. Sonic stands for efficiency, quality, and style.

Efficiency.

Nothing can be more frustrating than an unorganized, messy workplace. Whether it is in a car workshop, at a pit stop, or in the technical services area of a hospital or office, all professionals out there just want to do their job best. At Sonic we understand this like no other. We therefore put EFFICIENCY at the forefront of everything we do.

Quality.

You do not find broken tools or run down storage systems in efficient workplaces. We therefore believe that when we deliver efficiency, we automatically deliver QUALITY. And that is what you experience in every single product we offer. Long lasting, high quality equipment.

Style.

Sonic goes further where others stop. It is the final ingredient to really work with confidence. It is the red & black, the strong grip on the tools, the smoothness of our drawers and sliders. It is STYLE.

Our story

**Inspired by the efficiency
of pit stops, we have set
the ambition to create
ultimate workflow.**

Modular Storage Solutions plus

Back in 2015 we defined our ambition to reinvent the workplace. And not just reinvent. We promised ourselves to create the best modular storage solutions for professionals available on the market. Storage solutions that create premium workplaces. And these workplaces in their turn lead to ultimate workflow.

Quality in = Quality out.

Starting point of our MSS+ journey is our believe that quality in = quality out. Professionals can deliver only the maximum productive output that their workplace allows them to. With MSS+ we deliver the highest quality in modular storage solutions to maximise workflow.

MSS+: Born of change

Our story

Solid expertise

To create and supply the best modular storage solutions available in the market.

Solid expertise

Extensive research in various workplaces worldwide, together with UK engineers and designers.

Core belief

Quality in = Quality out.

Professionals can only perform at an ultimate level where there are no boundaries in using their workplace.

Reliability and durability

10-year warranty on every single part of the MSS+ product range.

A result we are proud of

The concept, creation and realization of MSS+ marks a new era in modular storage solutions, which makes us proud.

High availability

Custom configured premium workplaces no longer mean extensive waiting time. With our efficient warehousing we guarantee Just In Time delivery.

MSS

**EFFICIENCY
MADE PERFECT.**

Product mantra

Create ultimate
workflow.

The markets

The concept, creation and realisation of MSS+ marks a new era in the Sonic tradition of pioneering modular storage solutions. MSS+ is designed for professionals, with reliability and durability in mind. Every MSS+ product is backed by a 10 year warranty on all parts, slides, locks, gas struts, drawer casings, you name it. We put our name on it and we are proud of it.

Markets

- Other professional users

Mission

Create premium modular storage solutions to improve your efficiency, productivity, ergonomics and image of professionals worldwide.

Premium workplaces,
ultimate workflow

MSS+ Configurator

The unique MSS+ 3D configurator conveniently creates a premium tailor made workplace exactly to your needs. Say hello to ultimate workflow.

Want to design your own MSS+ composition? Contact us.

The sophisticated MSS+ product line allows you to design your own perfect composition. With the modular elements you can create the ideal workplace for your ultimate workflow. From planning to design and delivery, with the intuitive MSS+ configurator you are in control. Based on the most advanced CAD-technology you can create perfect MSS+ compositions tailored to your needs.

Ready for your premium workplace? Get in touch with our dedicated team that will help you create ultimate workflow.

Product design process

Our research and development experts teamed up with technical engineers and designers from the UK, to conduct an extensive study of various workplaces around the world. Having experienced so many differences and listened to various stories from professionals in technical services, we set the requirements for our new MSS+ product line; quality, style and efficiency in every single detail.

For example, in the product design process we have prototyped several handles and end caps to ensure the perfect grip and design.

No compromises, details matter

Redesigned workplaces

Production process

The latest technology is used to manufacture with operational precision as never seen before. MSS+ only selects the best raw materials in combination with an extensive quality control program. Sonic strives with MSS+ towards premium products with the highest exceptional quality available on the market.

We use the latest machinery from Germany, Italy and Finland. Laser-cutters, punch presses, press brakes and CNC panel benders with fully automatic digital managed electro-static powder coating systems.

This is how Sonic can assure you consistent premium quality in every MSS+ module.

Nothing else comes close

High availability

Sonic deliver by offering a large stock, fast delivery service and with over 30.000 orders each year, Sonic Equipment is a reliable partner and ready for the future!

Our 5000m² warehouse, with over 500.000 products on stock and a dedicated logistic warehouse team ensure that your products will be delivered with the best personal care.

MSS+

The greatest advantage of the MSS+ productline is that all modules are directly available in RAL 7016. Therefore your premium workplace with ultimate workflow can be realized as soon as you desire.

Gas struts and hinges

Unique powder coating

Sonic Foam System

Self-supporting system

Create the ultimate workplace with the Modular Storage Solutions plus, made by Sonic. The self-supporting system is compatible to almost every working area where walls are no longer needed. Install the MSS+ wherever you like without any restrictions, due to following features:

- Solid construction
- Extra-large base
- Designed to outlast the life expectancy of the module
- Simple and easy to adjust for perfect levelling, MSS+ is equipped with heavy-duty levelling feet

Install MSS+ wherever you like.
Without any restrictions.

Drawers

The cabinet drawers are installed with either 123kg or 230kg capacity* slides per drawer.

Standard low, extra deep drawers - 123kg capacity per drawer

High, extra high drawers - 230kg capacity per drawer

- Eliminates deformation of the drawer
- Less strain on the drawer and cabinet, improved lifetime
- Wide variety of drawer sizes/heights
- All high and extra high drawers include ventilation slots
- Bottom drawers include power bar 2x USB and 4x 110V/230V (not for portable cabinets)
- Ergonomic handle in extruded/anodized black aluminium
- Drawers 100% retractable, which allows full visual overview of inventory minimizing loss of time and unnecessary purchases.
- Full height drawer sidewalls, which maximizes your investment by using every square inch available.
- Easy access also allows you to reach the tools/parts positioned at the back of the drawer

Store more. In less space.

** Portable cabinets include regular Sonic slides:
40kg (standard low drawer)
80kg (standard high drawer)
capacity per drawer.*

Safety drawer blocking system

We use a German-made drawer blocking system, to prevent potential tipping over. Secure multiple drawers with just one lock. These systems offer interlock anti-tilt security for drawers-prevention of simultaneous opening.

Constructive counter-measures with anti-tilt-system

The industry has long been aware of the risk of tipping cabinets and for decades has installed anti-tilt systems as a standard feature to minimize the danger to office workers. Initially, simple anti-tilt devices were used to prevent multiple drawers being opened simultaneously, however these devices were not entirely fool-proof and it was possible to override them. With the introduction of MSS+, Sonic introduced safety drawer blocking system, effectively preventing simultaneous opening of drawers and perfecting anti-tilt security.

- Safety is the number 1 priority
- Only one drawer can be opened at a time instead of all drawers, which eliminates the risk of tipping over and injuries
- The weight of the closed drawers stabilizes the entire cabinet
- MSS+ is fitted with a central lock system to lock all drawers and completely prevent unwanted access
- A must-have for portable cabinets and toolboxes

Security in all cases

Slides

Dutch-made sliding systems, 123kg/230kg capacity*. The factory in The Netherlands, designed and produced tailor made slides especially for this MSS+ project. Their technical knowledge combined with the use of high quality materials and an extensive quality control program, allows us to develop high quality slides incorporating the highest standard for the industry: ISO/TS16949.

The MSS+ slide is very robust and rigid. This roll formed, extra heavy duty telescopic ball bearing slide exceeds a load capacity of 123kg/230kg with minimum deflection. This type of slides include heavy duty stops and have a unique ball cage design. The slides contain a pull in with fall safe.

- Highest quality heavy duty telescopic ball bearing slides available on the market
- Ensure maximum reliability, precision and smoothness for the lifespan of the MSS+ unit

Dutch-made slides
123kg/230kg capacity

** Portable cabinets include
regular Sonic slides:
40kg (standard low drawer)
80kg (standard high drawer)
capacity per drawer.*

Unique powder coating

Great looks, durable & amazing protection

Sonic assures consistent premium quality by using a full automatic digitally managed electro-static powder coating system. AkzoNobel provides the best paint for our MSS+ to ensure a consistent, high quality finishing.

- The best protection against scratches, abrasion and corrosion
- Ensures a top notch look for the lifetime of the unit
- AkzoNobel paint, made in The Netherlands

Protection and perfection.

Dial safety locks

The German-made MSS+ fix code lock is designed to provide convenient and safe security for personal storage or storage shared by small project teams. The code can be freely programmed and changed whenever required (for example, if security has been compromised or if a new team forms to handle a new project). Users do not have to carry a key around, so no security risk and cost involved to replace lost keys. To protect security, the integrated scramble ensures automatic reset of the dials during opening and closing.

In the event that a user forgets his personal code, the emergency key (held in a safe place by a responsible person, for example the facility manager) provides rapid, on-site solution: the emergency key can be used to provide emergency access and the possibility to reset the code.

Security made convenient

SONIC

Handles and end caps

MSS+ designed a complete new ergonomic drawer handle system. Various computer drawing designs, 3D printing samples and testings were needed to create the ultimate MSS+ drawer handle. All drawer handles include on each side a rubber end cap, with the famous S-logo of the Sonic brand.

- Ergonomic design
- Adequate clearing space on drawer pullers
- Quality you can feel and see

Ergonomic and image

POWER BAR

Power supply

The Sonic power bar is designed to give you power wherever you need it. This feature provides a convenient means to power your tools and charge any device with ease and efficiency.

- A must-have in the modern workplace
- Integrated in bottom drawer of drawer cabinets (except portable cabinets) and wall cabinets
- Safety covers

Power wherever you need it

Gas struts and hinges

Our MSS+ wall cabinets are outfitted with high quality gas struts and Austria-made Blum soft close hinges. These features were designed to improve the overall accessibility and convenience when using the overhead storage wall cabinets.

Improved accessibility

**WORKING
WILL BE
DIFFERENT**

Sonic Foam System

In the Sonic Foam System (SFS) the tools are stored in a well organized, chemical resistant, laser engraved foam inlay. With the SFS you can customize your drawers to fit your working needs and demands.

- Efficient organization of complete tool sets
- Two-tone foam color system for instant overview of missing tools
- Damage prevention during tools storage
- Tool sizes are mentioned on foam layer

**MODULAR
PERFECTION.**

Range of stainless steel worktops

- Art. no. 5999701 MSS+ stainless steel worktop 360x650x20mm
 - Art. no. 5999702 MSS+ stainless steel worktop 720x650x20mm
 - Art. no. 5999703 MSS+ stainless steel worktop 890x650x20mm
 - Art. no. 5999704 MSS+ stainless steel worktop 1441x650x20mm (720+720mm)
 - Art. no. 5999705 MSS+ stainless steel worktop 1540x650x20mm
 - Art. no. 5999706 MSS+ stainless steel worktop 1611x650x20mm (720+890mm)
 - Art. no. 5999707 MSS+ stainless steel worktop 1781x650x20mm (890+890mm)
 - Art. no. 5999708 MSS+ stainless steel worktop 2162x650x20mm (720+720+720mm)
 - Art. no. 5999711 MSS+ stainless steel worktop 2261x650x20mm (720+1540mm)
 - * Art. no. 5999712 MSS+ stainless steel worktop 2332x650x20mm (720+720+890mm)
 - * Art. no. 5999709 MSS+ stainless steel worktop 2431x650x20mm (890+1540mm)
- Thickness 20mm, depth 650mm

Range of stainless steel worktops for portable cabinet

- Art. no. 5999601 MSS+ stainless steel worktop, portable cabinet 700x530x20mm
 - Art. no. 5999602 MSS+ stainless steel worktop, portable cabinet 700x600x20mm
 - Art. no. 5999603 MSS+ stainless steel worktop, portable cabinet 870x530x20mm
 - Art. no. 5999604 MSS+ stainless steel worktop, portable cabinet 870x660x20mm
- Thickness 20mm

Range of corner worktops

- Art. no. 5999809 MSS+ composite worktop 1060x1060x2mm
- Art. no. 5999710 MSS+ stainless steel worktop 1060x1060x20mm

Range wooden worktop

- Art. no. 5999501 MSS+ wooden worktop 1780x650x40mm
- Thickness 40mm, depth 650mm

* Only on request

Posts

Range of posts

- Art. no. 5999401 MSS+ post 50x50x1020mm
- Art. no. 5999402 MSS+ post 100x50x1020mm
- Art. no. 5999403 MSS+ post 100x50x1016mm for portable cabinet, right
- Art. No. 5999404 MSS+ post 100x50x1016mm for portable cabinet, left

- Art. no. 5999405 MSS+ post 50x50x1997mm
- Art. no. 5999406 MSS+ post 100x50x1997mm
- Art. no. 5999407 MSS+ post 100x50x1993mm for portable cabinet, right
- Art. no. 5999408 MSS+ post 100x50x1993mm for portable cabinet, left

- High quality durable powder coating finish
- Cap on the end of the posts
- Standard color RAL 7016
- Heavy duty 1,4mm steel construction
- 10 year warranty

Optional:

Full range of colors upon request, longer lead time and additional fees could apply

RAL 7016

Worktop bridge unit ensures connectivity in the gap between the cabinets, which allows extra working space or a possibility to place a portable drawer cabinet.

Range of bridge units

700MM

720MM

890MM

1060MM

Art. no. 5070001

MSS+ 700mm bridge unit

Bridge dimensions: 700mm wide, 650mm deep, 100mm high (to make a workbench).

Load capacity 400kg

Net weight 10kg

- High quality durable powder coating finish
- 10 year warranty

Art. no. 5072006

MSS+ 720mm bridge unit

Bridge dimensions: 720mm wide, 650mm deep, 100mm high.

Load capacity 400kg

Net weight 10,5kg

- High quality durable powder coating finish
- 10 year warranty

Art. no. 5089006

MSS+ 890mm bridge unit

Bridge dimensions: 890mm wide, 650mm deep, 100mm high.

Load capacity 400kg

Net weight 10,8kg

- High quality durable powder coating finish
- 10 year warranty

Art. no. 5106001

MSS+ 1060mm bridge unit

Bridge dimensions: 1060mm wide, 650mm deep, 100mm high. (to make a workbench).

Load capacity 400kg

Net weight 13,9kg

- High quality durable powder coating finish
- 10 year warranty

Optional for all bridge units:

- Hard-wearing composite worktop 2mm
- Stainless steel worktop 20mm
- Full range of colors upon request, longer lead time and additional fees could apply

Lighting

Focus on your productivity.

- Art. no. 5999201 MSS+ LED light, length 600mm
- Art. no. 5999202 MSS+ LED light, length 800mm
- Art. no. 5999203 MSS+ adaptor for LED light, USA plug
- Art. no. 5999204 MSS+ adaptor for LED light, EU plug
- Art. no. 5999205 MSS+ connector with switch for LED light
- Art. no. 5999206 MSS+ LED light 600mml (EU) w/adaptor+connector
- Art. no. 5999207 MSS+ LED light 600mml (USA) w/adaptor+connector
- Art. no. 5999208 MSS+ LED light 800mml (EU) w/adaptor+connector
- Art. no. 5999209 MSS+ LED light 800mml (USA) w/adaptor+connector

Features

- Find what you are looking for faster, without relying on surrounding lighting
- The latest technology is used
- Mountable under the wall cabinet
- Increase your productivity with a perfectly lit work surface
- Energy efficient and extremely long lasting
- Maximum connection, circuit of 4 LED lights

LED light length: 600mm

- 800-1000 Lm
- Color temperature: 6000-6500k
- White light
- Aluminium base + pc cover
- Mounting magnet included

Led light length: 800mm

- 800-1000 Lm
- Color temperature: 6000-6500k
- White light
- Aluminium base + pc cover
- Mounting magnet included

DIVIDER KIT 720MM

DIVIDER KIT 890MM

DIVIDER KIT 700MM

DIVIDER KIT 870MM

Get organized, be efficient, use the ultimate MSS+ dividers for a drawer.

Features

- Organize tools and parts of all sizes efficiently
- A modular solution, adaptable to your evolving storage needs
- Ultimate durability, superior to any other storage method

• Art. no. 5999305 MSS+ divider kit for 720mm cabinet contains:

- 3 pcs MSS+ divider slot vertical (5999312)
- 2 pcs MSS+ divider slot vertical for the side (5999313)
- 2 pcs MSS+ divider slot horizontal (5999310)
- 4 pcs MSS+ divider spacer horizontal 88.60mm (5999307)
- 4 pcs MSS+ divider spacer horizontal 182.30mm (5999308)

• Art. no. 5999306 MSS+ divider kit for 890mm cabinet contains:

- 3 pcs MSS+ divider slot vertical (5999312)
- 2 pcs MSS+ divider slot vertical for the side (5999313)
- 2 pcs MSS+ divider slot horizontal (5999311)
- 4 pcs MSS+ divider spacer horizontal 88.60mm (5999307)
- 4 pcs MSS+ divider spacer horizontal 182.30mm (5999308)

• Art. no. 5999318 MSS+ divider kit for 700mm portable cabinet contains:

- 3 pcs MSS+ divider slot vertical (5999314)
- 2 pcs MSS+ divider slot vertical for the side (5999315)
- 2 pcs MSS+ divider slot horizontal (5999310)
- 4 pcs MSS+ divider spacer horizontal 88.60mm (5999307)
- 4 pcs MSS+ divider spacer horizontal 182.30mm (5999308)

• Art. no. 5999319 MSS+ divider kit for 870mm portable cabinet contains:

- 3 pcs MSS+ divider slot vertical (5999316)
- 2 pcs MSS+ divider slot vertical for the side (5999317)
- 2 pcs MSS+ divider slot horizontal (5999311)
- 4 pcs MSS+ divider spacer horizontal 88.60mm (5999307)
- 4 pcs MSS+ divider spacer horizontal 182.30mm (5999308)
- 2 pcs MSS+ divider spacer horizontal 369.76mm (5999309)

DIVIDER SLOTS

DIVIDER SPACERS

- Art. no. 5999310 MSS+ divider slot horizontal set of 2 pcs for 720mm cabinet

- Art. no. 5999308 MSS+ divider spacer horizontal set of 10pcs 182.30mm
- Art. no. 5999309 MSS+ divider spacer horizontal set of 10pcs 369.76mm

Document holder

Art. no. 5999061

Dimensions: 560mm wide, 40mm deep, 314mm high

- Convenient holder for tablet/laptop or documents
- Safety protection on all edges
- Heavy duty 1.0mm steel construction

Laptop/tablet holder

Art. no. 5999304

Dimensions: 447mm wide, 158mm deep, 365mm high

- Convenient shelf for tablet/laptop
- Multifunctional
- Tilt function
- Mountable on back panels
- Heavy duty 1.2mm steel construction

Optional:

- Full range of colors upon request, longer lead time and additional fees could apply

Power bar

Art. no. 5999302 power bar (EU power bar)

Art. no. 5999303 power bar (USA power bar)

The MSS+ high performance power bars features a tough, anodized aluminium extrusion ensuring strength and durability.

Features

- Durable abs and aluminum housing
- 4 grounded outlets
- 2 USB outlets
- Lighted reset/off switch
- 5 m cord
- Ergonomically designed, profiled body - robust and easy to grip
- Rugged anodised aluminium extrusion - light weight and strong
- Pa6 nylon moulded outlets and endcaps - protects and insulates power supply
- High grade polychloropreen/neoprene rubber cable (oil, chemical and ozon resistant)
- Color RAL 7016

Remark

Cabinets with fixed drawers include power bar in bottom drawer.

Art. no. 5999301 power bar bracket

- Angled power bar bracket can be mounted on the back panel
- Angle to the bracket provides clearance for cable leads and plugs bar
- The power bar bracket sits inside the backface of the post, this allows a back-to-back low level solution
