9514030718

Underwater LED light

Zambezi Mini. Surface mounted. Perfect for smaller pontoons and skiffs. Versatile 3-screw mounting footprint only about 3" in diameter. RGBW spectrum. Light output 670 lm, IP68, CE-certified. Finish/housing anodized aluminum.

279,00€

9514030348

LED spotlight

Orbit. A shallow-depth profile and a secure composite mounting system. Ideal for a variety of cabin lighting, T-top lighting and mezzanine uses. RGBW spectrum. IP67. Light output 210 lm. CE-certified. Ø 5,05 cm.

160,00€

9514030580

LED spotlight

Razor. Flush mounted. Designed to be integrated into most existing hardtop, arch, and pilothouse designs. When mounted facing forward, Razor's long-throw and high position are invaluable for spotting markers and obstructions. Light output 10 000 lm. IP67. Color output white, dimming.

950,00€

9514030956

Digital lighting control module

Poco 3.0. Digital dimming and color adjustment for all Lumitec PLI lights.

479,00€

9514030372

LED spotlight

Halo. A shallow-depth profile and a secure composite mounting system. Ideal for a variety of cabin and outdoor uses. Intelligent circuitry enables advanced features like dimming and multi-color control without external control modules, specialized switches, or additional wire runs. CE-certified, IP67, 210 lm. RGBW spectrum. Ø 5 cm.

189,00€

Verstile LED flood light

Caprera3. The very compact spotlight produces 1200 lumens (5000K) of light. The lamp is easy to install and due to its size, it fits well, e.g. as a deck, spreader or flood light. Available with both a black and white housing. Lighting options are available in different versions; red/white, blue/white and as an RGB color producing model, where using Lumitec Poco you can choose any light color. Check out the collection on our website.
